

# Program Outline

## Why Choose Wellness Care?

Pets age much faster than humans - which means regular checkups are vital. By evaluating your pet's health every 6 months, we can:

- Help us monitor and treat early for various common ailments:
  - Ear infections
  - Skin conditions
  - Joint or mobility issues
  - Weight & metabolic health
  - Behavior or age-related changes
- Manage conditions before they get serious
  - Allergies
  - Kidney Disease
  - Heart conditions

## What is included Per Pet?

- Discounted exams
- 10% of all bloodwork labs
- Discounted boarding fees
- 50% off nail trims
- 10% off dental cleanings
  - (Up to 30% off when performed yearly – within 10 to 14 months)
- Customized program allowing for flexibility to ensure that you will never incur costs for any services that are not necessary for your pet
- Flexible scheduling to spread out services & manage costs
- Potential discounts over the course of a year.
  - Exam/Lab Work = \$70
  - Nail Trims = \$180 to \$260 (If done every 4-6 weeks)
  - Boarding = Savings can vary depending on how many days they board
  - Exam/Lab work/COHAT = \$150 to \$260 (pending on initial year vs Annually and species)
  - Additional visits regardless of unexpected illness and/or injury or urgent care are unlimited while enrolled.

# About Us

At Bemidji Veterinary Hospital, we believe that prevention is the best medicine. That's why we're excited to introduce the Wellness Club—designed to make essential healthcare more accessible, affordable, and tailored to your pet's individual needs. With pets aging much faster than their human companions, regular wellness care is key to catching and treating potential issues early. By evaluating your pet's health every 6 months, including routine lab work and yearly dentistry, we can detect changes sooner and manage conditions before they become more serious or costly to treat.

## Your Pet's Health, Our Top Priority

During each exam, our veterinarians will:

- Assess overall health
- Recommend age-appropriate care
- Suggest services such as:
  - Bloodwork
  - Parasite screenings
  - Microchipping
  - Dental evaluations

Everything we recommend is medically appropriate—never unnecessary.

Recheck Fee	\$55	\$65	-\$10

## Guidelines

Enrollment is entered into and then maintained through the initial enrollment fee followed by the completion of a Wellness Physical Examination by a Bemidji Veterinary Hospital every 6 months.

To remain eligible for the Wellness Club, a patient must undergo a Wellness Physical Examination by a BVH Veterinarian at least once every 6 months. Failure to maintain this requirement will result in removal from the Club, and the patient will be required to re-enroll to regain eligibility. Re-enrollment into the program only requires an additional enrollment fee at the time of a pet's wellness visit. There is no limit to the number of times a pet may re-enroll.

Retroactive enrollment is available. Your pet must have had a Wellness Physical Exam within the last 6 months.

There is no contract or monthly payments. All services rendered must be paid for at the time of visit. There is no limit to the number of discounted exams, dentistry or nail trims available in a single calendar year.

The discounts associated with this program may not be combined with any other discount or coupon at any time. Program enrollment and/or associated discounts may not be transferred to any other pet.
